

ABSTRACT

An ETC tag holder for motorcycles is provided. A securing case comprises a back panel with a bottom surface extending outwardly at a substantially right angle. A receptacle wall extending upwardly from the outer edges of the bottom surface, and along its length, connect with the back panel to form a hollow receptacle for removably receiving an ETC tag. Means for mounting the case onto a motorcycle further comprise an engaging portion for securedly engaging with the back panel and a clamping portion for clamping onto a cylindrical part of a motorcycle.
